- Art Activities

### Introduction

*'Believe in yourself  
and in your plan  
Say not- I cannot- but, I can,  
The prizes of life we fail to win  
When we doubt the power within'*

We, at SNPS Avtar Enclave, welcomed the new session 2021-22 with this 'never say die' spirit. When all around us was engulfed in the dark clouds of the deadly II wave of COVID-19 Pandemic, all we could wish for was the silver lining that 'This too shall pass'. and with the grace of Nirankar we overcame too. The lockdown intensified, the early summer break was announced but the teachers kept standing tall with their small efforts like summer camp and activities to bring cheer to the lives of the delicate kids. The lives of many people changed and will keep on changing but the optimism of bliss amongst all the negativities is here to stay forever. That calls for a salute to all the students, parents and their teachers.

As they say 'The show must go on' come what may! So, there is no looking back for our kids. They will rise and shine too!

Prayers for one and all !!!

## Orientation Day

Orientation Day for the session 2021-22 was held on April 5, 2021. The parents and students were introduced to the new class teacher along with their previous one. They were told about the requirements of the new class of their wards. There were few important things that needed to be discussed for virtual classes like the decorum and the discipline to be maintained in class, regularity in attendance, completion of homework, timely payment of fee etc. They were made aware about the subjects, books, project, marking schemes and pattern of exams to be followed during the session. The parents were quite satisfied and happy with the working of the school even during these times.

## WORLD HEALTH DAY

The world health is celebrated on 7 April every year. This year the theme is building a fairer, healthier world. The current pandemic situation and the ongoing situation made it very clear that Health is the most important point of concern for one and all. The students were also made to understand this through a few activities like Hand Writing, Mask Making, Yoga Activity, Speeches, Slogan Writing and hand sanitizing.

## EARTH DAY 22 APRIL

Earth Day was celebrated this year too in the virtual way by one and all who belong to this Mother Earth. There were different activities by students like

Poem Recitation- Class I & II

Card Making- Class III & IV

Craft Work- Class V & VI

Speeches on Earth Day- Class VII onwards

The students actively participated in the above activities and made videos with their green friends. They emphasized to have faith in Reduce, Reuse and Recycle; the need to conserve water, shop wisely, cut down on what we throw and plant saplings.

## Manav Ekta Divas

Blood should flow in veins,  
not in drains.

### MANAV EKTA DIWAS 24 APRIL

24th April is a day of sacrifice. It is observed every year as Human Unity Day and blood donation camps are organized everywhere in the world. But this year the situation was different due to corona wave. So, the students just remembered the teachings of Baba Ji and tried to follow the path of Universal Brotherhood shown by him. The students of senior classes made slogans and posters depicting the need to strengthen the bond of care and compassion for one and all.

# SUMMER CAMP

Due to the surge in covid cases in the capital and the way it was taking almost everyone in its grip the government decided early summer vacation this year.

So, to engage our students in fruitful activities and to cheer them up during the crisis, our school organized virtual summer camp from May 1, 2021 to May 15, 2021. It played an important role in keeping their minds off the shaking news they were hearing from all around. The parents were also positive and helpful to make it successful. Only those activities were included which could be completed keeping in mind the lockdown and the situation: like Yoga, Dance, Cooking without fire, Personality Development, Story Telling, Art and Craft, Happiness Class, Stress Management, Fun with Maths, Science Fun and Speaking skills.

The students who participated quite well in these activities were awarded E-Certificates as well.

## LABOUR DAY

The international worker's day is celebrated every year as Labour Day on May 1. The students of our school also showed their gratitude to the persons who make our lives easier. They sang the songs relevant to the day, recited beautiful poems, made posters and thank you cards. The way they expressed their thankfulness was worth admiration.

'We are not here to play, to  
dream, to drift;  
We have hard work to do and  
loads to lift  
Shun not the struggle.....face  
it;  
It is God's gift.'

## Mother's Day (9th May)

'Life doesn't come with a manual. It comes with a mother.'

Mother's day was celebrated in full swing by the students. There were beautiful handmade cards and notes by kids. Many of them made lovely and memorable videos with their moms. There were a whole lot of students who wrote in their diary how they celebrated this day and surprised their mothers. This day showed their bonding with their mothers and touched everyone's heart.

## SAMARPAN DIWAS 12 APRIL, 2021

Baba Hardev Singh Ji Maharaj was the epitome of love, compassion, humility and tolerance. His life and teachings can never be forgotten by those who were touched by his kindness and guidance. So, the Samarpan Diwas is observed to pay him a humble tribute. A few students of our school made collages and charts with beautiful thoughts of Babaji. There were a few who chose

to speak about Babaji's life and what he taught to the world.

**'Your devotion to Humanity  
Your service without a pause,  
May we also dedicate ourselves,  
To your divine cause'.**

# WORLD ENVIRONMENT DAY

**Reimagine! Recreate! Restore!**

**We cannot turn back time, but we can grow trees, green our cities, rebuild our gardens, change our lifestyle, clean up rivers and wastes. We are the generation that can make peace with nature. The students of the school actively participated in World Environment Day activities on June 5, 2021 with the same spirit. They were totally enthusiastic while making the beautiful posters depicting the deteriorated Environment by human actions. They wrote slogans in favour of afforestation, against deforestation, saving the Environment and making changes in our habits.**

## FATHER'S DAY.

**'A father's tears and fears are unseen,  
His love is unexpressed  
But his care and protection remains  
as a pillar of strength throughout our lives'.**

**The father's day was celebrated this year on 20 June.  
The students participated in various activities to make  
their fathers feel really important, loved and admired.**

**The kids made cards baked cakes and even prepared small gifts for their loving fathers while the senior students and even a few teachers dedicated poetry and shared heartfelt memories with their father. The videos of kids with their fathers were heart touching.**

Sant Nirankari  
Public School  
(Avtar Enclave) is  
celebrating International  
Music Day.

MUSIC DAY 21 June 2021

*'Where words fail, music speaks'*

Music has the ability to lift our spirits even when we don't feel like doing anything. There is nothing like the sound of our favourite song playing on and on. This is

why there is a day dedicated to music which needs to be celebrated by one and all. The students of our school sang their favourite songs and made such melodious videos which are live example of their love for music.
