WOW! Summer Break is here!!!

Summervacations are just round the corner. Don't just sit and watch television. Let your creativity flourish in some simple yet fun filled activities. To keep our little ones busy with some creative and constructive activities, we are sending a few assignments that would help the children get a grasp of the work done in the school. Parents are advised to guide, motivate and facilitate their children to complete their holiday homework.

**Dear Parents,
Long summer break is the most enviable part of the school life. It provides time when you get opportunity to spend quality time with your child. As the school closes for summer break we have planned some activities for your child to enhance his / her learning skills in a fun filled way.**

Care of Self

“Any child who is self-sufficient, who can tie his/her shoes, dress or undress himself/ herself , reflects in his/her joy and sense of achievement, the image of human dignity which is derived from a sense of independence”

They not only help the child gain independence, but they lay a neurological foundation for advanced skills involving coordination, concentration, abstract thinking and overall executive function.

In the preliminary exercises, the child learns the basic movements of all types such as pouring, folding and carrying. With this aim, we have planned out activities during the summer vacations that can assist our little students in their overall physical and mental development.
