

Annual Report (2022 - 23)

*'Work hard in silence,
Let your success be your noise.'*

The year 2022-23 was full of activities. It was a special year, the 75th year of Independent India as well as of the Sant Nirankari Mission. On one hand the celebrations, activities and competitions were going on throughout the year under 'Azadi Ka Amrit Mahotsav' and on the other hand we celebrated 'Roohaniyat aur Insaniyat' theme of the Mission. The year indeed was a roller coaster ride with plethora of activities, competitions, challenges and celebrations along with the academics.

There were a few changes with the advent of new HOS. The Annual Result of the year was 98.3%.

It is a matter of elation that with the blessings of Satguru Mataji the school has been upgraded to Senior Secondary level and the classes of XI have started.

The students participated in various Zonal Competitions and came out with flying colours. It was a proud moment for our kids to sing a Geet on the stage of 75th Annual Sant Samagam and take blessings from Satguru Mataji.

We take pride in the fact that two students of our school achieved First Position in Zonal Science Exhibition for developing a robot from waste material which was much appreciated.

The students of our school were awarded gold, silver and bronze medals in Hindi Olympiad. One student received State level Hindi Pratibha Samaan.

The year started with celebrating special days, religious as well as National festivals, holding and participating in competitions & workshops. The task of inculcating moral values and patriotism in students was a herculean one, nevertheless, the teachers did it with almost perfection.

On one hand, the natural instinct of generosity was kindled in the students through 'Kindness Drive' and on the other hand concern for the environment was introduced through 'Adopt a Plant Drive'. This year the Republic Day Programme was also quite vibrant and unique. The underlying theme was 'Ek Bharat Shreshta Bharat' and the students presented states' tableaux with utmost sincerity.

The students who performed extremely well in Zonals and Olympiads were awarded in Special Assemblies and the tiny tots of Pre School were graduated and blessed by the honourable dignitaries of SNCF in a grand Programme 'Graduation Day'.

In order to cater to the ever increasing requirement of the growing school a few additions are made in the infrastructure. A whole new fleet of teachers were appointed. The school building has been under construction. The new furniture is also added for the smooth functioning of the school, alongwith the purchase of computers to conduct the SAFAL Exam organised by CBSE.

It is rightly said 'Together. Each Achieve More'. And we too believe in the TEAM work. No doubt, 'Big changes start with small steps'. We are trying to take small steps in order to make bigger differences in the lives of our students.

BOARD RESULT (2022-2023)
