## INTRODUCTION

*Every day is a new Beginning!*

Yesterday is a thing of past and future is unknown. We have only TODAY in our hands. Let's not lament on the failures of past and fantasize about a promising future. With this thought the school reopened after the Summer Break.

The month of July brought greenery to school with week-long VanMahotsava celebrations. Then the festivals started one after the other and the school kept buzzing with the hustle bustle of competitions, preparations, rehearsals, workshops and what not.

September is a month of assessing the knowledge acquired from the beginning of the session. So, the Mid Term Exams were conducted and the results were duly declared.

We are sharing the glimpses of this period in a nutshell.
